Marine Grade 316 Stainless Steel or Mild Steel Galvanised Finish. Seat slats in non-endangered Iroko Hardwood

Satin Brushed Polish/ Timbers in Satin Wood stain

Stainless Steel can be finished to any polish finish (mirror/bright/bead blasted). Mild steel can be Polyester Powder Coated to any standard RAL or BS colour

Either root fixed (below ground) or base plate (above ground) are available. Root fixing is recommended.

Can be incorporated or removed if required

Benches are usually manufactured to a standard length of 1800mm, although all dimensions can be adapted to suit customer requirements

These can be added to seating where appropriate
